

Reforestation and Forestry Management Information. The addresses and phone numbers of Department of Natural Resources foresters are furnished on page 4. It is critical for successful establishment of a plantation that appropriate tree species be planted on the site and the necessary site preparation work be accomplished before planting. Department foresters are an excellent source of information regarding species selection for your planting site, available cost sharing programs for tree planting, site preparation techniques, tree planter rental, development of management plans for your property, forestry tax law programs and other forest management related matters. If in doubt, contact your local DNR forester before ordering trees.

If you are applying for federal cost sharing for tree planting, please contact your local DNR forester for species approval before ordering.

Notice: Under s. 28.06, Wis. Stats., this form is required to purchase trees and shrubs from the Department. Personally identifiable information requested on this form will be used to administer the program and is not likely to be used for other purposes.

INSTRUCTIONS FOR COMPLETION OF ORDER

1. Please print legibly.
2. The following portion of the application must be completed: name, address, phone number, method of delivery, county and legal description where trees will be planted. (Look on tax receipt if you don't know section, township and range or call the county clerk of records.) Failure to supply this information will result in the return of this application for completion and possible loss of desired planting stock because of the delay.
3. A **minimum order** must consist of a total of 1000 tree seedlings or 500 shrubs or one packet. Trees and shrubs may be purchased in increments of 100 of each species.
4. An ungraded (bulk) order must consist of at least 3,000 trees of one species and age (no ungraded orders will be accepted for black walnut or wildlife shrubs). Bulk shipments are discount priced because these orders are not counted or graded at the nursery and subsequently should be graded according to the attached guidelines before planting. It is recommended that the 'cull' seedlings not be planted because of reduced survival and growth. The number of trees shipped for ungraded orders are based on bed-run inventories. Consequently, an ungraded order can contain 10% more or less than the number of seedlings ordered.
5. Please indicate a second choice on the application to better insure your order can be filled. If you don't indicate a second choice, you won't receive a second choice if your first choice is sold out.
6. A 5% state sales tax must be added to the nursery stock prices unless the purchaser has a valid exemption certificate number or a Farmers' Exemption Certificate. If you are exempt from paying sales tax, please write EXEMPT in the sales tax box, write your exemption number or reason for exemption in the box provided on page 2 and sign the application. Please do not include 1/2% county sales tax.
7. **PAYMENT INSTRUCTIONS:**
ORDERS SUBMITTED BY JANUARY 31, 2005: DO NOT SEND MONEY with your tree and shrub application. A billing invoice and order confirmation will be mailed to you.
If payment is not received within 30 days of the invoice date, your order will be canceled. Orders larger than \$1000.00 will be billed for the entire amount; however, these customers have the option of making full payment or a 25% down payment (maximum down payment of \$500.00), with the balance due by March 15, 2005. Trees will not be shipped prior to receiving final payment.
ORDERS SUBMITTED ON OR AFTER FEBRUARY 1, 2005: FULL PAYMENT MUST ACCOMPANY your tree and shrub application. Make check or money order payable to the Department of Natural Resources. Cash will not be accepted. Your canceled check will be your only receipt. An order confirmation will be mailed to you. Checks returned for non-sufficient funds will be assessed a \$20 fee.
8. **Mail your application to: Griffith Nursery, 473 Griffith Avenue, Wisconsin Rapids, WI 54494.**
9. For up to date information on species availability, call **1-800-875-9050** or visit us on the web at dnr.wi.gov/org/land/forestry/nursery/order/inventory.htm.

Grading Guidelines:
These general guidelines are used to grade tree orders and should be followed by landowners purchasing ungraded stock. Some variation of these guidelines from species to species may exist. Consult your local forester or nursery for further information.

	Minimum Height From Root Collar to Bud	Minimum Root Length
1-0 Conifers	2 1/2"	6"
2-0 Conifers	3-4"	6-8"
3-0 Conifers	5-6"	8"

AGREEMENT - PLEASE READ CAREFULLY	TOTAL	

As applicant I agree:

- Not to sell or give away this stock; I'm aware that violation of this clause is punishable by a forfeiture of not more than \$100.00 as provided in s. 28.06, Wis. Stats.
- That this stock will not be used for decorative, ornamental, landscaping purposes or Christmas trees and am aware that violation of this clause is punishable by a forfeiture of not more than \$500.00 as provided in s. 28.06, Wis. Stats.
- Not to harvest or remove trees after planting until they are large enough to be sold or utilized as cut merchantable forest products, or as an approved precommercial thinning. No trees may be removed from a plantation with roots attached for resale.
- To protect the area planted from fire and grazing.
- That a claim for adjustment regarding shortages or quality of stock must be made within ten days of delivery with the local DNR forester.
- That cancellation of an order after March 1 will be at the discretion of the seller.
- That I am responsible for payment at the rates established by the Department.
- To comply with all the rules and statutes applicable to the obtaining, use, and disposition of this forestry stock.

* These counties provide county truck delivery service on orders from state nurseries on request. Trees are delivered to a central point within the county. You will be notified by the local DNR Forester as to when and where to pick up your trees. There may be a small charge to cover the cost of this service.
